

Using the Havering Data Intelligence Hub to support grant funding applications

Practical training session

Discover • design • deliver • analyse • apply • evaluate

[Open the Hub](#)

What you will be able to do

1

Find the right evidence

Learn how to navigate the Hub efficiently and understand the data explorer.

2

Turn evidence into a bid

Apply evidence to decisions and define how the funded activity will be evaluated.

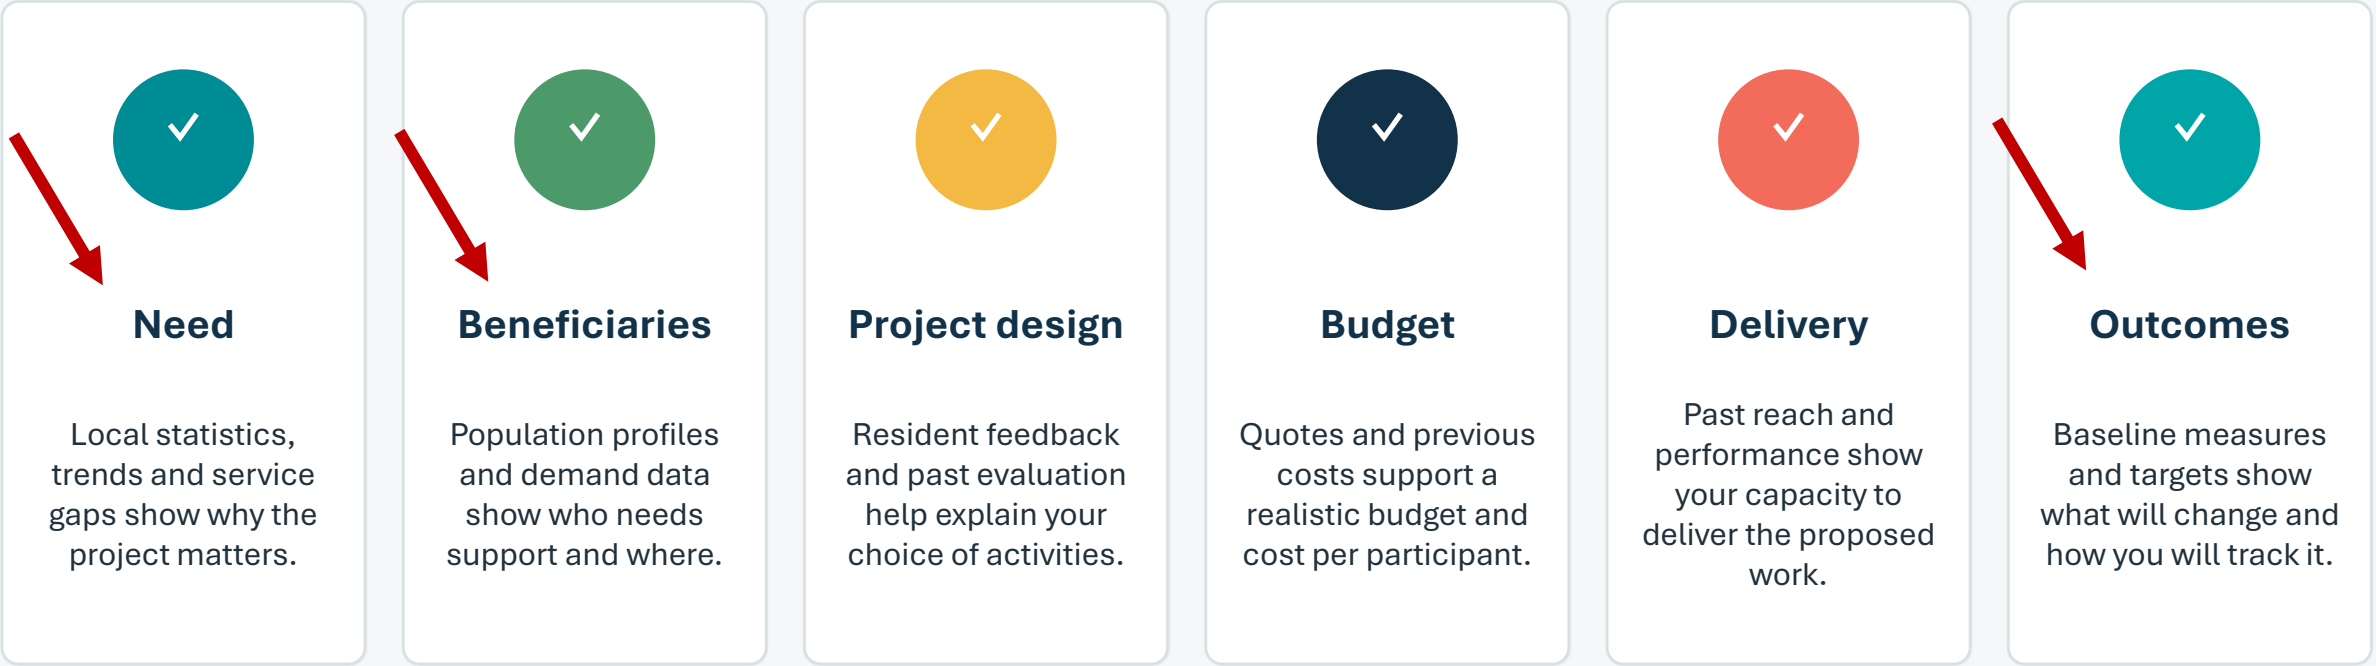

3

Use data responsibly

Use high-quality, ethical and proportionate evidence, checking definitions, dates and sources.

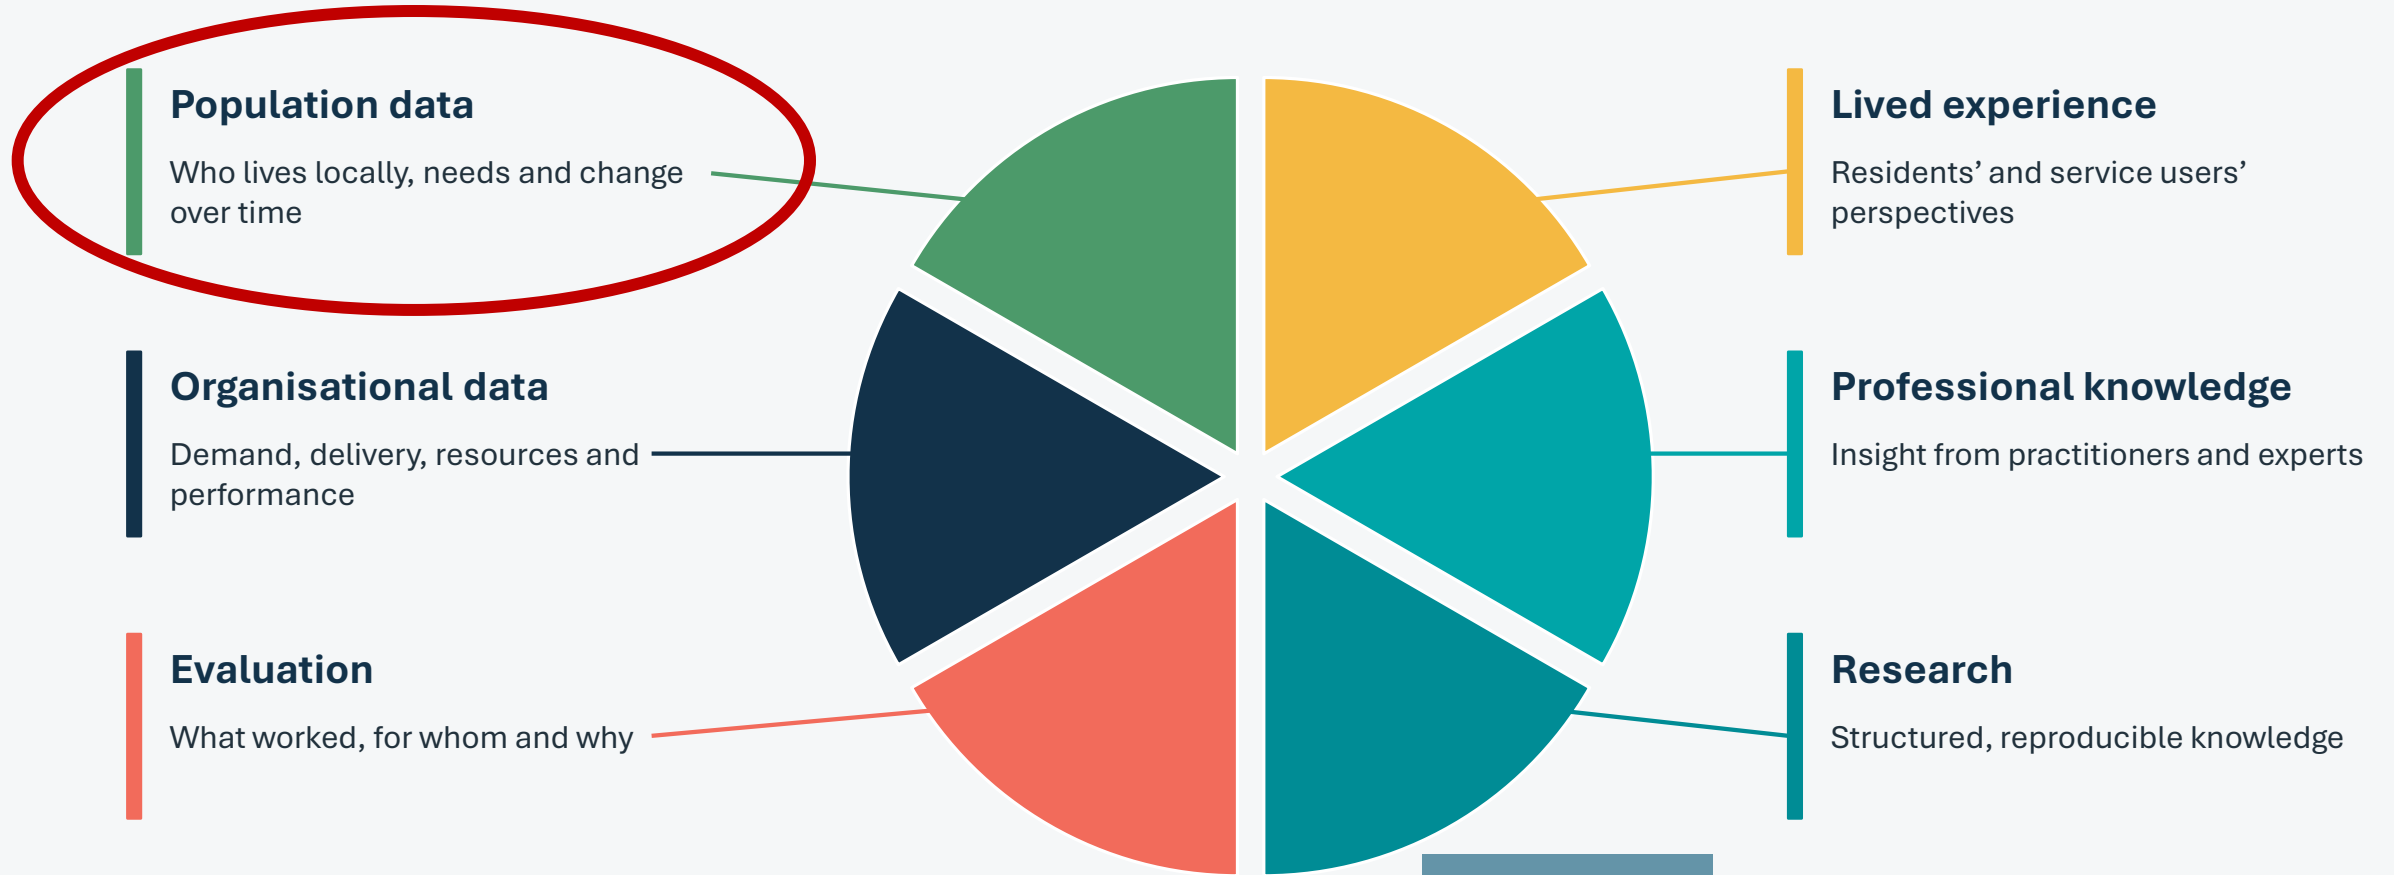

The goal is to combine the right evidence to make the funding case credible, specific and useful for decision-making.

Where evidence is needed in a funding application

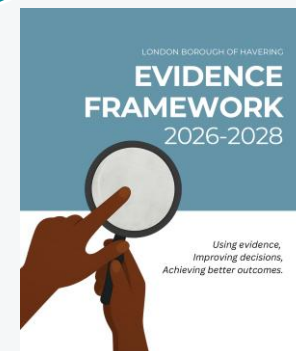

Combine Hub data with your records and community evidence

Use a balanced evidence picture

Read the Havering Evidence Framework for more information!

A quick tour of the Data Intelligence Hub

Theme pages

Browse data, maps, key statistics and reports across eight themes

Data Explorer

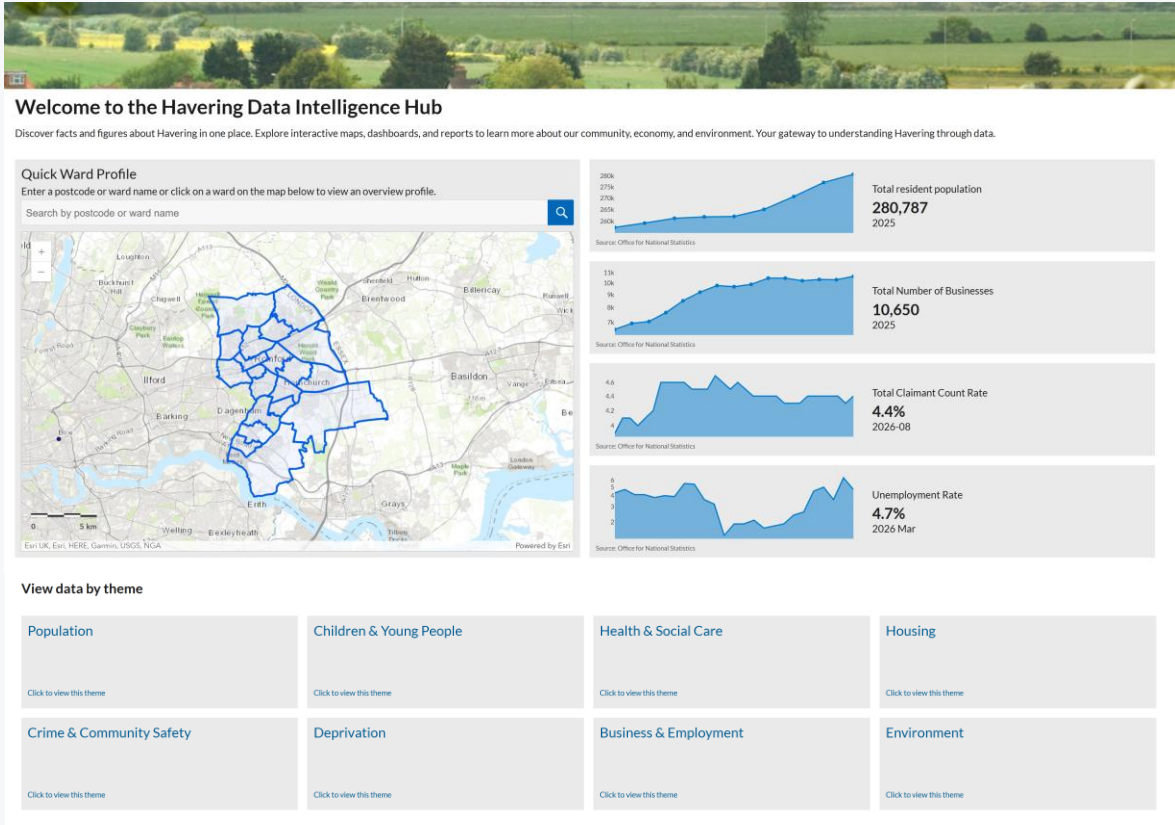

Search the indicator catalogue using keywords and filters

Area profiles

Enter a postcode or ward to build a local overview.

JSNA and needs assessments

Use deeper analysis where health, wellbeing or inequality is central.

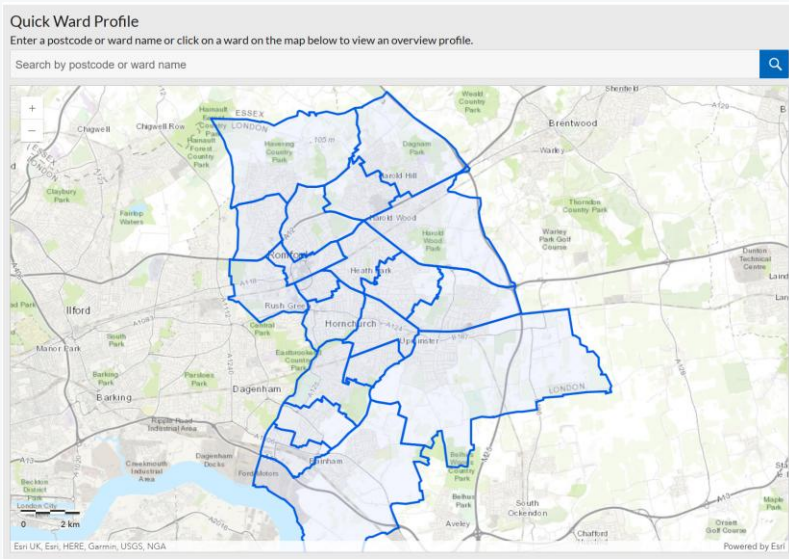

[Open Data Explorer](#)

[Open the JSNA](#)

WHERE TO LOOK

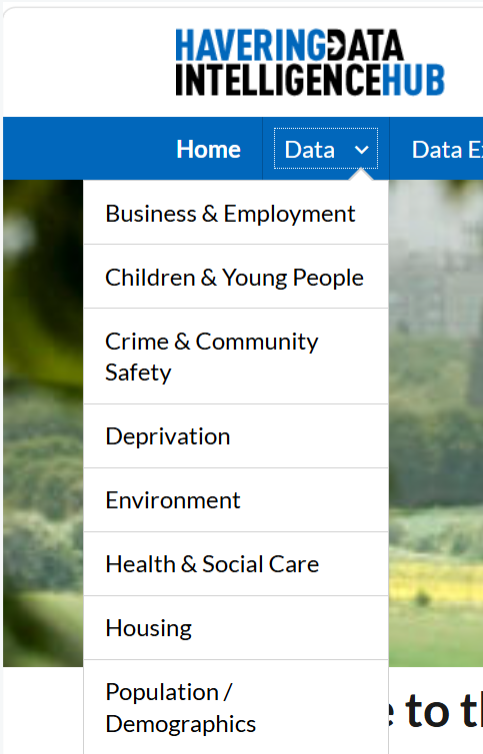

Ward profiles

Give you summary of each theme by ward – but not all of the theme data is shown in the summaries.

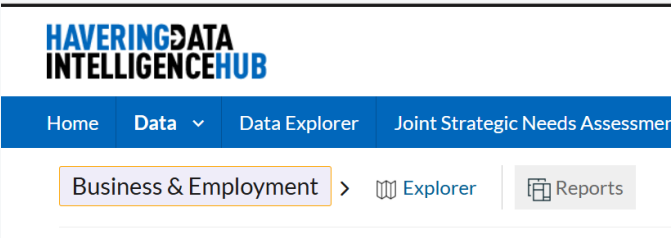

Themes

Provides more data for each topic area at a borough level

Reports

Shows theme data at different geographies. You can view ward and Lower Super Output Area reports for each theme.

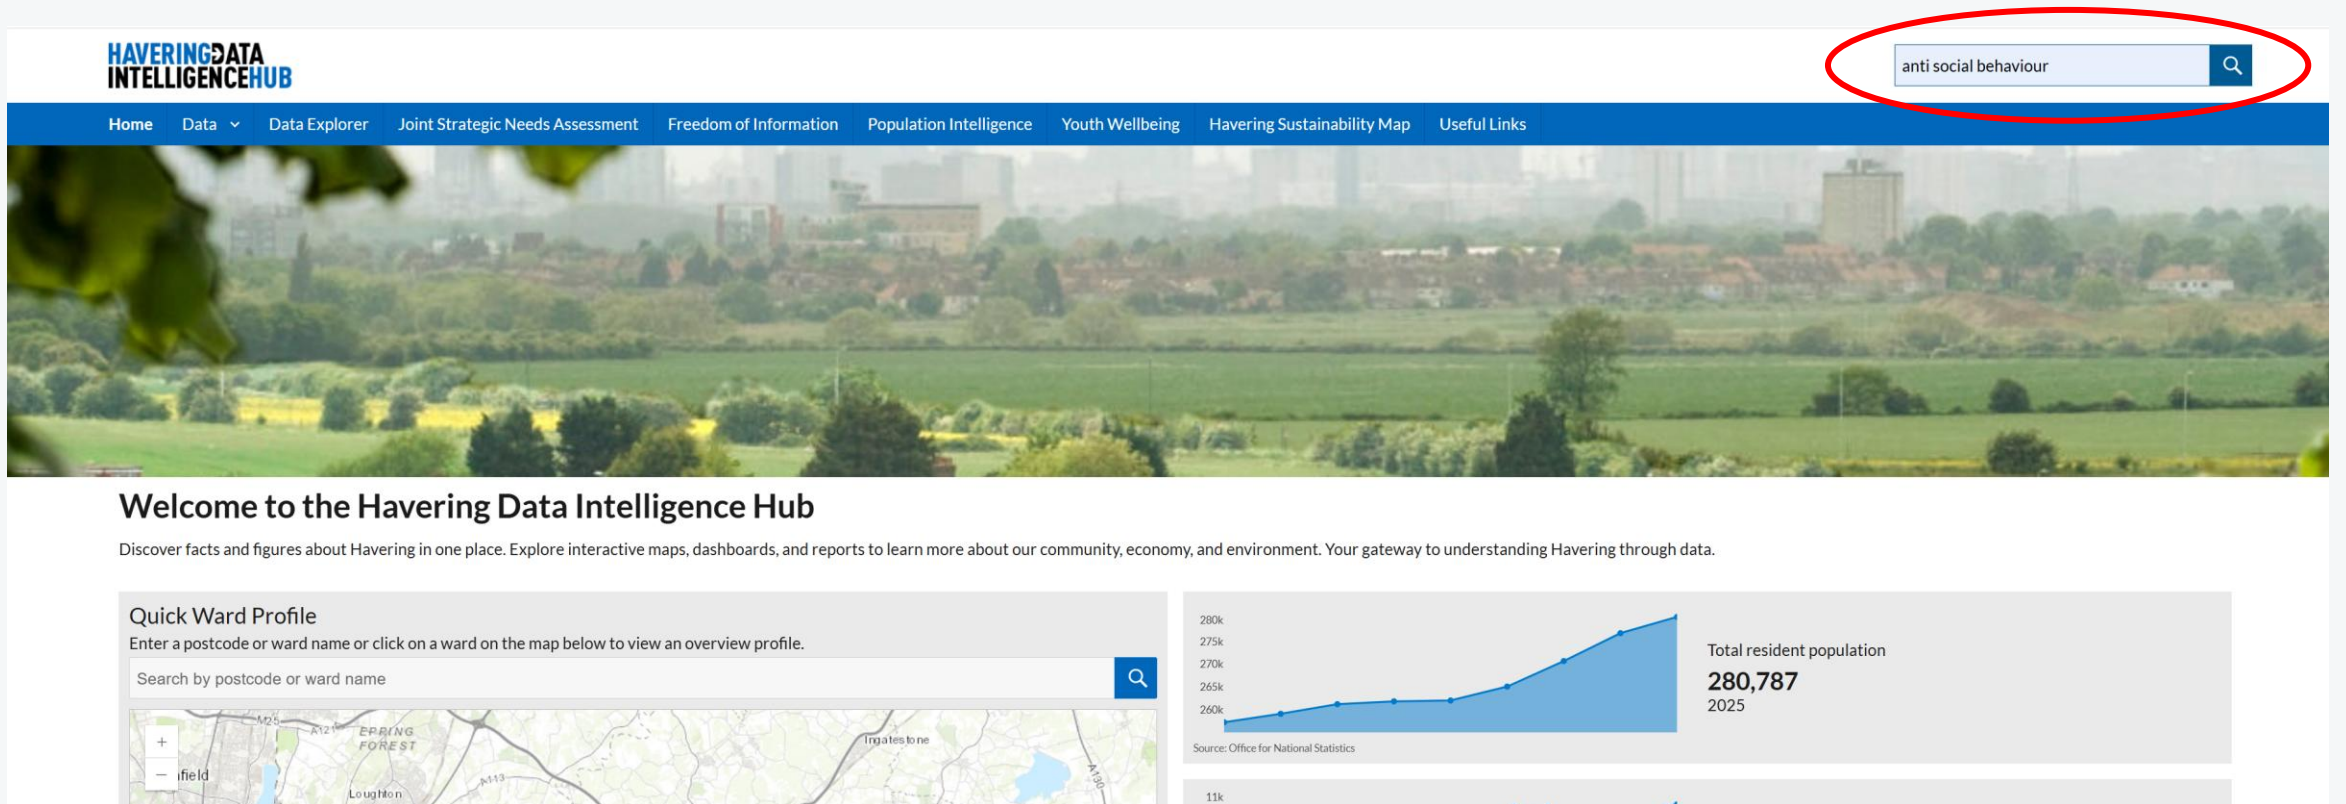

Anti-Social Behaviour (ASB) data

Locating the data.

Option 1 – The “search bar” in the top right hand corner ✗

Not recommended – intended for searching for documents, not data

The screenshot shows the Havering Data Intelligence Hub website. The search bar in the top right corner contains the text "anti social behaviour" and is circled in red. The website header includes the logo "HAVERING DATA INTELLIGENCE HUB" and a navigation menu with links: Home, Data, Data Explorer, Joint Strategic Needs Assessment, Freedom of Information, Population Intelligence, Youth Wellbeing, Havering Sustainability Map, and Useful Links. The main content area features a large image of a park with a city skyline in the background. Below the image, the text "Welcome to the Havering Data Intelligence Hub" is displayed, followed by a description: "Discover facts and figures about Havering in one place. Explore interactive maps, dashboards, and reports to learn more about our community, economy, and environment. Your gateway to understanding Havering through data." The "Quick Ward Profile" section is visible, with a search bar and a map. The map shows a location in Havering, with labels for "EPPING FOREST", "Loughton", and "Ingatestone". The "Total resident population 2025" is displayed as 280,787. A line graph shows population trends from 2001 to 2025, with a source note: "Source: Office for National Statistics".

Anti-Social Behaviour (ASB) data

Locating the data.

Option 2 – The “data explorer” tab. ✗

Not recommended – intended for a more informed search when you have defined the metric in more detail

The screenshot shows the Havering Data Intelligence Hub website. The 'Data Explorer' tab is highlighted in the navigation bar. Below the navigation bar, the 'DATA EXPLORER' section is visible. A search box contains the text 'Anti social behaviour'. Below the search box, there are two search results: 'Persons all ages' and 'Males all ages'. Each result includes a description and a set of filters (LSOA 2011, LSOA 2021, LA, Ward, Region, Country). The search box and the first result are circled in red.

Choose the geography that matches your project

1

**London /
England**

Use as a benchmark to show whether Havering differs.

2

Borough

Use for the overall scale of need and strategic context.

3

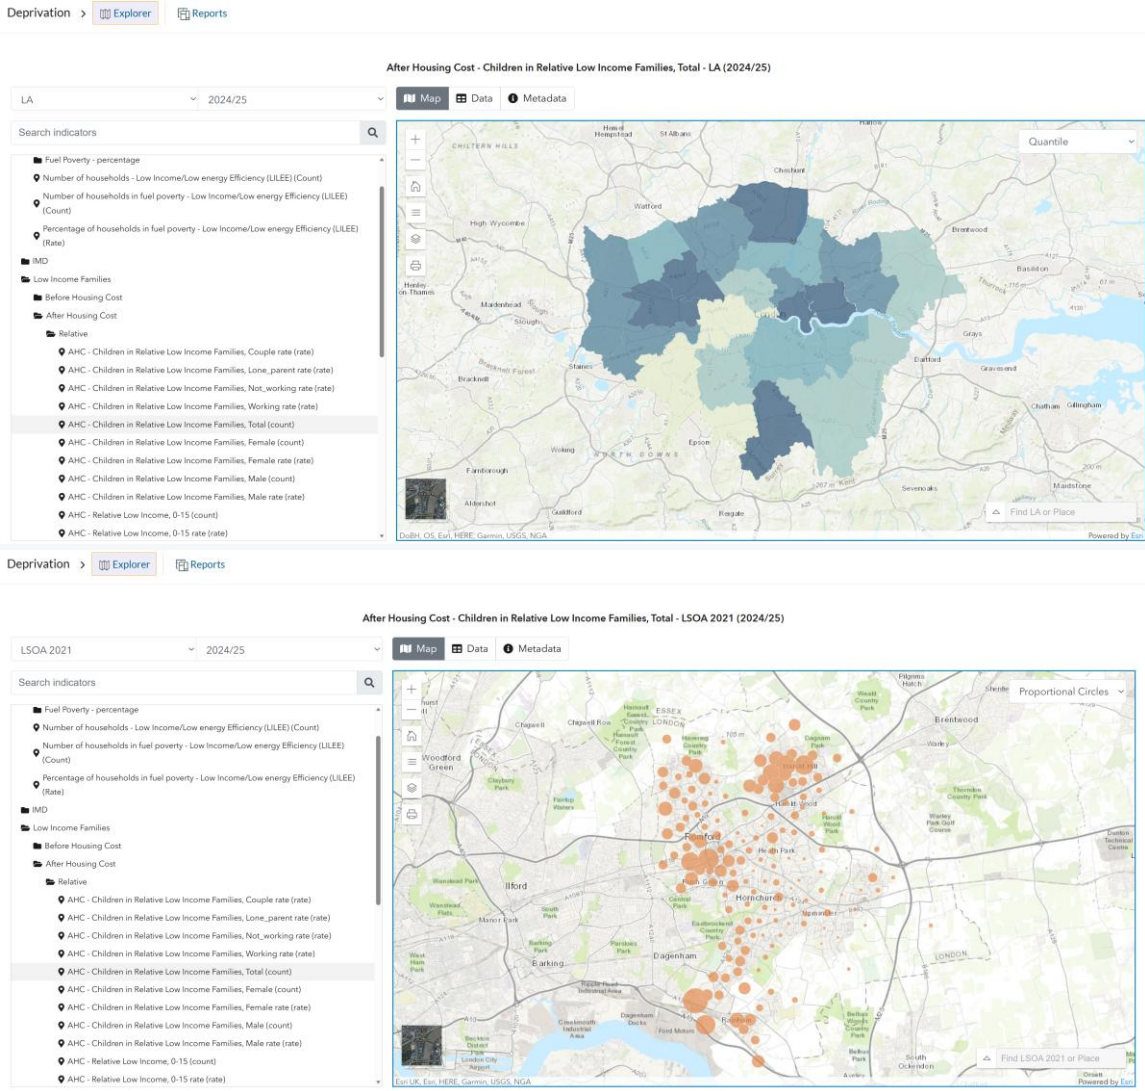

Ward

Useful for local targeting and comparing neighbourhoods.

4

LSOA

Best for small-area variation where the indicator is available.

Use a consistent citation pattern

Title

Name the data source exactly as published.

Geography

State the area the value applies to.

Timeframe

Give the year, quarter or reporting period.

Original source

Credit the organisation that produced the data.

Date

Record the date you accessed it.

URL

Include the direct Hub URL.

Record all six elements whenever you quote or reuse an indicator

Trusted Grant Application Resources

1 NCVO: Writing Your Application

Practical UK guidance on tailoring an application, answering the funder's questions, presenting a compelling case and avoiding common mistakes.

[Access the NCVO guidance](#)

2 Charity Excellence Framework: Example Grant Funding Application

A UK-focused template for developing a clear case for support, demonstrating alignment with funder priorities and presenting information consistently.

[Access the Charity Excellence template](#)

3 Plinth: How to Write Grant Applications That Get Funded

UK-focused guidance on using evidence of need, outcome data and case studies to strengthen funding applications.

[Read the Plinth guide](#)

Three practical UK references for planning, drafting and reviewing grant applications

Before you submit

- ✓ Discovery has clarified the decision, what is known and what is missing
- ✓ The evidence mix includes relevant population data and wider evidence
- ✓ Dates, definitions and sources have been checked
- ✓ Counts are explained with rates, trends or comparators where needed
- ✓ The narrative shows how evidence is applied to design and delivery
- ✓ Objectives around the need and beneficiaries, outcomes, evaluation and learning are clear

Contact us www.haveringdata.net

Visit the website and select
“Contact Us” at the bottom of
the page to get in touch.

The screenshot shows the website www.haveringdata.net/contact-us/. The header includes the logo 'HAVERING DATA INTELLIGENCE HUB' and a navigation menu with links: Home, Data (dropdown), Data Explorer, Joint Strategic Needs Assessment, Freedom of Information, Population Intelligence, Youth Wellbeing, Havering Sustainability Map, and Useful Links. The main heading is 'CONTACT US'. Below this, a bold warning states: '**PLEASE DO NOT USE THIS EMAIL TO SUBMIT FREEDOM OF INFORMATION REQUESTS OR COUNCIL TAX ENQUIRIES**'. A paragraph follows: 'Havering Data Intelligence hub welcomes your feedback. Whether you have a question, comment, suggestion or complaint about the Data Intelligence Hub please let us know. Please do not use this form to submit FOI requests etc. It is not the correct route and may result in a delay to your response.' Below this, instructions are given: 'For data related enquiries please contact us using [this form](#).' Further down, it says 'For FOI or DPIA please visit [Making a Freedom of Information request](#) | [Freedom of Information \(FOI\)](#) | [London Borough of Havering](#)'. At the bottom, it says 'For general council enquiries please visit www.havering.gov.uk or [Complaints and compliments](#)'. The footer contains 'SITE LINKS' with links to 'FAQs', 'Contact Us', and 'Glossary'. To the right of the footer are the copyright notice '© Havering Council, 2021. Developed by Esri UK.' and the 'ARCHIVES' link. Two red arrows with numbers are overlaid: arrow 1 points to the 'Contact Us' link in the footer, and arrow 2 points to the 'this form' link in the main content area.
